TRADITIONAL HOMES CLAIRVIEW

When entering into the Clairview you can see the focus on the large kitchen with breakfast bar. In the main living area a feature has been made from the hallway wall with 3 decorative cut outs allowing natural light stream into the hallway. The four bedrooms have built in robes and the main bedroom has its own ensuite. The carport area is under roof and can double up as an outdoor BBQ area. Looking from the front of the home you can see the attractive portico with the double stair entry focusing on the main front door entrance. This certainly gives this home eye catching street appeal. This home has been built and the images can be viewed on our web site.
